AntiSpam works along with Outlook, Outlook Express, Netscape and Yahoo, MSN/Hotmail to block spam mails before it reaches your inbox. To make sure Church Community Builder sent mails reach you, you can add us to your Personal Friends list or Global Friends list. Here is how you can do that:

- Start Norton AntiSpam, select **Status & Settings** tab.
- Select **AntiSpam**.
- Select **Configure** button - right hand side bottom of the screen.
- Select **Allowed List** tab - second tab on the list of tabs.
- Select **Add**.
- Enter Church Community Builder address in the Email address box.
- Select **Ok**.
