Yahoo

Back to [Whitelisting](#)

You can ask Yahoo to filter mails from Church Community Builder to your inbox.

- Open **Yahoo mailbox**.
- Select **Mail Options**.
- Select **Filters**.
- Click **Add Filter**.
- In the top row, labeled **From Header**, select **contains** from the pull down menu. Enter the Church Community Builder address in the text box next to the pull down menu. (you can either give a specific Church Community Builder email address or use @ccbchurch.com or *ccbchurch.com to whitelist the domain).
- Move down to the bottom where there is the option **Move the message to**. Select **inbox** from the pull down menu.
- Select **Add Filter** button once again.
